

BEZEK DURST SEISER Architects and Planners Announces Promotions to Principal

Eric Spangler, RA, Principal

Eric joined BDS in 1998. He holds an M.Arch from the School of Architecture + Design at Virginia Tech and is an Alaska registered architect. Utilizing more than 15 years of architectural and construction industry experience, Eric has proven his abilities on many projects across Alaska, including the Palmer Seed Lab, which won the 2006 AIA Honor Award for Design Excellence, as well as renovations to the Alaska Vocation Technical Center in Seward and the Kenai Courthouse. As the firm's design leader for multi-family residential design, Eric has completed projects in places like Homer, Iliamna, Kenai, Kodiak, New Stuyahok, Ninilchik, Palmer, Soldotna, and Togiak.

Victor V. Valenote, RA, LEED AP B+C, Principal

Victor joined BDS in 2001. He holds an M. Arch from the University of South Florida and an AIA Bronze Medal for design. His career began at HOK, where he worked on several large projects from conception to completion, most notably the 375-foot tall Sam M. Gibbons U.S. Courthouse in downtown Tampa. While at another firm Victor was the design architect for two prominent Anchorage buildings: the UAA/APU Consortium Library and the ASRC Building in mid-town. His primary focus at BDS has been on developing design solutions for complex school projects in places like Chefnak, Kongiganak, and Valdez, as well as laboratory facilities at UAF.
